

*Kansas State University on behalf of the Feed the Future Innovation Lab Council,
the Association of Public and Land-grant Universities
and the
Association for International Agriculture and Rural Development*

invite you to a reception
Wednesday, September 17th
6:00-7:30PM

106 Dirksen Senate Office Building

Join the directors of the Feed the Future Innovation Laboratories and learn about how researchers at U.S. universities are partnering with developing nations to tackle the world's greatest challenges in food security and agriculture!
